I am stunned to learn of SCE&G's request to increase rates by another 1.1%. Like so many others, I live on a fixed income which did not increase at all this year. The utility should look to its dividend of 47 cents a share or employee's salaries for more money. Since they are a monopoly, we simply submit to their requests. I, for one, do not. I strongly oppose this measure and hope that consideration will be given to this matter by the commission.
